WORK EXPERIENCE

ICICI Lombard GIC

Software Developer

Feb 2021 - Present

Mumbai, India

- Took ownership and built a Document Verification Portal from scratch that onboards and verifies documents of around **9k** users/month, solved ALSC points by implementing security measures such as encryption-decryption, restricting the component access based on the authorization.
- Worked on KYC integration for the IL TakeCare app, which has **40** million active users. Optimized the web performance. Created a ticket-raising service for Techops and the business team, which increases productivity.
- Enhanced Payment Gateway portal, revamped the User Interface and made it highly mobile responsive, generated new components for JusPay integration, built smart collect funds, changed the health insurance flow and reduced the API hits to optimize the portal.
- Led a team of **3** interns by mentoring and giving them an overview of web portals. Debugged, reviewed their code, and merged PRs on UAT and Production Branch using **Bitbucket**. Deployed build on UAT using **IIS Server**.
- Experience working in **AGILE** pattern with good hands-on **JIRA**, gathering requirements and handling daily scrum meetings.

TechStack - **ReactJS, Javascript, Java, Angular 12, Typescript, Bootstrap5, .NetCore, HTML5, CSS3.**

PROJECTS

 **Youddit** - Implemented advanced features like live chat on Youtube where users can comment and do infinite scrolling without blocking the page, n-level nested comments using recursion similar to Reddit.

Search on keystroke enhanced it by reducing the API call by debounce, used lazy loading to bundle the app in chunks, made it high performant by caching data in Redux store. Switch to dark/light theme mode.

TechStack - **React.js, Redux Toolkit, TailwindCSS, Bootstrap5, HTML5, CSS3.**

EDUCATION

Sardar Patel Institute of Technology, Mumbai

B.Tech in Computer Science

CGPA: 9.01

Aug 2018 – June 2021

SKILLS

Languages - JavaScript, TypeScript, Java, HTML, CSS.

Web Development - ReactJS, Angular12, Bootstrap, Tailwind CSS, Material UI.

Tools - Github, Bitbucket, Jira, Postman.

IDE - Visual Studio Code, Sublime Text.

CERTIFICATIONS

1) Certified Scrum Master - (CSM) 

2) Namaste React Bootcamp 

ACHIEVEMENTS / EXTRA-CURRICULAR

- ☐ Awarded for an Outstanding Performance 
- ☐ A technical paper titled '**Swindle: Predicting the Probability of Loan Defaults using CatBoost Algorithm**'
- ☐ Mentored underprivileged students from 10 std. of an NGO and Volunteered for Beach Cleanups to save Marine Life.
